

# Letter-join Phonics

Combine phonics with cursive handwriting in an easy and seamless way.

Letter-join phonic resources encompass Phases 1, 2, 3 and 4. Simply choose one of the phases and select a phoneme for children to hear and practise the sound. Watch the animation of the phoneme and then trace the letters on screen using your chosen Letter-join cursive font and pre-selected letterforms. There is also a picture that uses that phoneme which is sounded out.

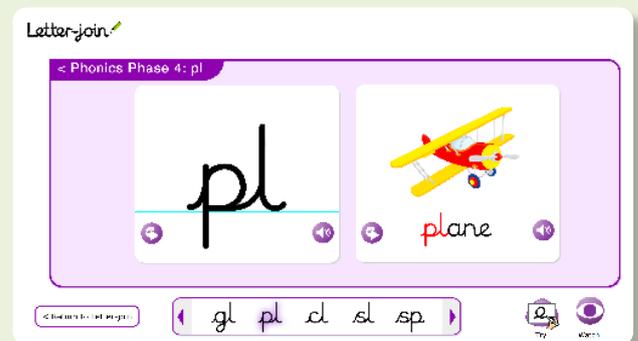

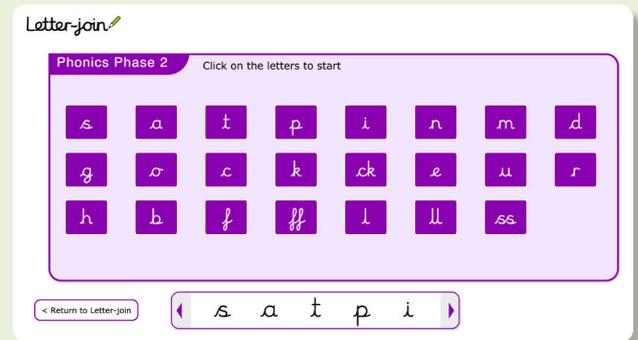

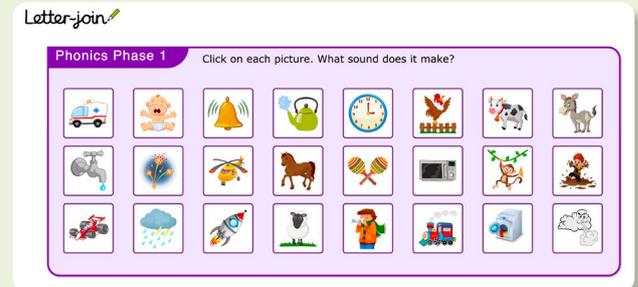

Each of the phonemes can be printed out as colourful A4 posters to display in the classroom.

The aim of Letter-join phonics is to be flexible, allowing

teachers the opportunity to reinforce the children's phonics learning as required.

Letter-join's Phonics resource is designed to support your school's phonics programme, preparing children for learning to read by strengthening their phonic knowledge and skills. Letter-join Phonics will allow you to teach Phases 1, 2, 3 and 4 using the Letter-join font. This will build a joined-up approach to teaching cursive handwriting in Early Years.

## Typical pages from Letter-join Phonics

Letter-join phonics includes a fun matching pairs game where children can test their memory powers to beat the clock!

There are 3 levels, easy, medium and hard for pupils to explore.
